PROFESSIONAL SUMMARY

Computer Science and Mathematics graduate with a genuine interest in building software that works. I enjoy the process of turning a problem into clean, functional code, and I have hands-on experience developing and deploying full-stack web applications. Outside of coding, I spent a year helping students understand mathematics, which sharpened how I explain technical ideas clearly. I am looking for a role where I can keep learning and contribute from day one.

EDUCATION

B.Sc Computer Science and Mathematics

20 May 2026

University of Venda, Limpopo

- Relevant coursework: Python, Java, SQL

TECHNICAL SKILLS

- **Languages:** JavaScript, Python, Java, SQL, HTML, CSS, REST API
- **Databases:** MySQL, PostgreSQL
- **Tools:** Visual Studio Code, NetBeans, Eclipse, Git, GitHub, Version Control
- **Deployment:** Render, Cloud Deployment
- **Methodology:** Agile

PROJECTS

NovaStore — Full-Stack E-Commerce Web App

Self-initiated | novastore-1.onrender.com

- Built a full-stack e-commerce application with a React front end and a Node.js/Express REST API back end
- Designed and integrated a PostgreSQL database to manage products, orders, and other application data
- Deployed the complete application (frontend, backend, and database) to Render

Personal Portfolio Website

Self-initiated | June 2026 | naftaliportfolio.onrender.com

- Built and deployed a personal portfolio website to showcase skills and projects

PROFESSIONAL EXPERIENCE

Teaching Assistant

January 2025 – December 2025

Final Solutions, Thohoyandou

- Prepared and delivered Mathematics lessons for Grade 10 and Technical Mathematics for Grade 12
- Developed tutorial worksheets for Grade 10 to 12 learners
- Facilitated tutorial sessions and supported student understanding

PERSONAL ATTRIBUTES

- Strong problem-solving and analytical thinking
- Excellent verbal and written communication skills
- Adaptable and quick to pick up new tools and technologies
- Collaborative team player with a proactive, can-do attitude
- Strong attention to detail
- Strong time management and self-discipline
- Self-motivated and eager to learn
